

Keep the **Best Teachers & Academic Programs** in Redwood City Classrooms

Due to rising costs and unstable State and Federal funding, Redwood City School District is facing painful layoffs and deep cuts. Measure C is a local solution to protect our local elementary and middle schools.

Studies show that having a great teacher in the classroom is the most important element of providing a quality education. Yet many local teachers are struggling with the high cost of living in our area. Without Measure C, we risk losing some of our great teachers to less expensive areas or higher-paying districts.

Measure C prevents cuts to critical basic programs, including math, science, reading and writing, and keeps high-quality educators in local classrooms. By keeping local schools strong, we protect local property values and strengthen our community.

Vote Yes on C – Excellent Education for Every Child

Attract and retain qualified teachers, counselors, and school staff

Maintain hands-on science classes and provide math and science enrichment

Preserve science, technology, engineering, and math instruction

Support quality reading and writing programs

Maintain manageable class sizes

Mandatory Fiscal Accountability and Local Control

- ★ All funds must stay under local control and cannot be taken away by the State or Federal governments
- ★ No funds can be used for administrator salaries or pensions
- ★ Independent citizens' oversight, public disclosure, and annual audits ensure funds are spent as promised
- ★ Expires after 8 years

Measure C ensures that large commercial properties and corporations pay their fair share to support local schools. Single-family homeowners and small business owners will pay significantly less than large properties.

Homeowners 65 and older can opt out of the measure through an optional exemption.

Join local teachers, parents, and community leaders in voting **YES on Measure C** to prevent further cuts to Redwood City schools and help our students thrive!
